Answer any Two   **15X2=30**
                                                                                  Date-24.03.2025

1 .With the use of Slutsky equation, explain how price change is decomposed?

2. Explain the Kuhn Tucker optimality criteria.

3. What are the properties of a CES production function?

4. Derive the steady state equilibrium capital-labour ratio in a typical Solow model of growth.

5. Examine the theorem of non-substitution in a Leontief system.

6. Examine the equivalence of a matrix game with the linear programming approach of optimization with the help of a suitable example.

                                                                                  15X2=30
                                                                                  Date-24.03.2025

Answer any Two

1. Discuss the fiscal, monetary and administrative issues with regard to the regulations and controls of planning.
2. Discuss the use of linear programming, input-output analysis in formulating development plans.
3. Discuss the importance of federalism in Planning for reducing regional imbalances
4. Discuss the use of various models in formulating development plans.
5. Discuss the role of planning in allocating the resources for achieving inter-regional balances.
6. Discuss the role of manpower in planning in the regional development of India.

Answer any Two   **15X2=30**
                                                                        Date-25.03.2025

1. Explain the implications of managed floating exchange rate system.

2. What is international monetary system? Explain Gold exchange standard system.

3. Explain the correction of BOP disequilibrium through elasticity approach of devaluation?

4. Explain how floating exchange rate system operates with suitable diagram.

5. Discuss the causes and consequences of capital mobility between/among the countries.

6. Balance of Payment is always balance, Discuss.

15X2=30

Answer any Two

Date-25.03.2025

1. Explain Immiserising growth. Explain conditions essential for producing the case of immiserising growth.
2. What is international factor market? Explain how international trade determined by the wage differential with factor immobility.
3. Do you think non-traded goods affect international trade, justify your view?
4. Discuss the effects of factor growth on production, trade and terms of trade in the case of a large country.
5. Discuss the effect on international trade when there is one seller in the product market.
6. Discuss the control of non-traded goods market to achieve a stable trade relation between the countries.

MA in Economics
(3rd Semester) Group-A, Eco.3.2
Paper- Econometrics
Word Limit-1000

15X2=30

Answer any Two

Date-26.03.2025

1. Briefly discuss the Z-Statistic, Chi-Square Statistic and t – Statistic.
2. Examine the properties of Least Square estimators.
3. Discuss the Non-linear models.
4. Examine the nature and consequences of Heteroscedasticity.
5. Discuss the Rank and order Conditions.
6. Give an example of a Dummy variable model.

MA in Economics
(3rd Semester) Group-B, Eco-3.5
Paper-Rural Development
Word Limit-1000

Answer any Two   **15X2=30**

1. Explain the role of agriculture in India.   **Date-26.03.2025**
2. Analyse the role and problems faced by NGOs in India.
3. Discuss the aims and strategies of MGNREGA.
4. Explain the role of PRIs in rural development in India.
5. Analyse the functions and responsibilities of water resource management in India.
6. Discuss the role of corporative organizations in India.

MA in Economics
(3rd Semester) Free Elective,
Paper-Organizational Behavior
Word Limit-1000

15X2=30
Date-29-03-2025

Answer any Two

1. Organizational behaviour is interdisciplinary in nature". Explain.
2. What are the objectives of Organizational Behaviour? Explain the scope and limitation of Organizational Behaviour
3. "Perception affects the working style and behaviour of an employee". Explain.
4. Explain Maslow's theory of motivation. How can this theory help managers in motivating employees?
5. Define OB and explain the history and developments in the field of OB?
6. Explain the theories of learning with an example.

MA in Economics
(3rd Semester) Free Elective, PAD-2.3
Paper-Development Administration
Word Limit-1000

15X2=30
Date-28-03-2025

Answer any Two

1. Define the Concept of development administration and explain its nature and scope.
2. Analyse the procedure of formulation and implementation of State planning.
3. Find out the obstacles faced in democratic decentralization process in India.
4. Discuss the role and importance of specialized agencies for development.
5. Discuss the steps taken by the Government to promote socio-economic empowerment of women in India.
6. Examine the role of bureaucracy in the process of Development in India.

MA in Economics
(3rd Semester) Free Elective, MSW-3.3
Paper-Women in India
Word Limit-1000

Answer any Two

15X2=30
Date-27-03-2025

1. Discuss the status of Modern Women in India.
2. Highlight the major contributions of Arya Samaja on Women.
3. Define Feminism and discuss its characteristics.
4. Mention the activities of SNDP Movement.
5. Mention the problems faced by women entrepreneurs.
6. What are the barriers to girl's education in India-Discuss in details
