		Expected outcome	After the completion of the course, students will acquire comprehensive knowledge of Odia literature of ancient, medieval and modern periods and especially in canonical topics like writings of Sarala Das and those of the Panchasakhas. Besides, they will also become aware of crucial areas like folk literature, comparative literature and translation. Owing to our holistic approach, literary text share taught in correlation with the cultural traditions of Odisha, such as Jagannath culture. The programme enables perusal of Odia literature while drawing connections with larger Indian literary cultures and trends, especially contemporary ones. Thus the programme encourages students to identify and acknowledge the specialty of literature in their mother tongue while keeping the idea of national integration in mind.

		Expected outcome	Political science officials critically assess the reports and data to make required plans to achieve the organisation's goals. If you can develop your planning and decision-making skills, you can work autonomously and meet tight deadlines. Political science careers may have a complex work environment due to the presence of various government-related policies and issues. Professionals in this field can benefit from having well-developed analytical skills. These can allow them to be innovative and solve problems systematically and logically within the policies of the government. Political science professionals can use their analytical skills to summarise and explain various themes, events, and political issues. To become a politician the students must know the laws and the rules of the society. This is possible only after the completion of the Master's in Political Science.
